WORK & LEADERSHIP EXPERIENCE

August 2024- Present Alabama State University Montgomery, AL
Student Assistant-Technology Department

- Provide basic technical support to approximately 15–20 students per shift, resolving issues with library computers, printers, and Wi-Fi access.
- Assist in updating and maintaining library software tools used by over 1,000 students monthly for book searches and digital archives.
- Help organize and manage digital resource files, contributing to the upkeep of a collection of 3,000 digital documents and media files for academic use.

December 2024- May 2025 Thurgood Marshall Fund x Citi Virtual
Scholar

- Participated in 15 workshops, webinars, and mentorship sessions focused on leadership development, career readiness, and financial literacy as part of a professional scholar program.
- Networked with over 25 industry professionals, including Citi executives and fellow scholars, to explore career paths and gain insights into the finance and tech sectors.
- Contributed to 2 service initiatives supporting underrepresented communities, promoting access to education and financial empowerment through outreach and resource-sharing efforts.

PROJECT

Summer 2025 Levi Watkins Learning Center Montgomery AL
Intern
Library Mobile App (Cross-Platform, iOS & Android)

- Developed a cross-platform library mobile application in 13 days, surpassing the 2-week deadline.
- Collaborated with teammate to integrate AI-assisted tools (e.g., GitHub Copilot) and reduced development time by approximately 30%.
- Designed and implemented a responsive user interface with 5+ interactive screens, including login, dashboard, and search features.
- Enabled real-time book search and user navigation and delivered weekly email updates to supervisors and concluded the project with a live demo presentation to staff members.

COMMUNITY SERVICE

National Society of Black Engineers (NSBE) | Activities Board Member

STEM Outreach Mentor | [2024-Present]

- Engaged with 15 high school students monthly in hands-on STEM activities, including the egg drop challenge and marshmallow tower building.
- Provided mentorship, guidance, and insight into engineering and college life to inspire future STEM leaders.

Alabama State University Golden Ambassador| Member (2025-2026)

- Served as a university representative at official events, including ushering at 3 graduation ceremonies, assisting over 500 guests and graduates with seating, directions, and general inquiries.
- Collaborated with a team of ambassadors to support community service projects and student outreach initiatives, promoting school pride and positive campus culture.

International Student Association | Miss ISA

Academic Support Volunteer | [September 2024-Present]

- Assisted a large group of international students with coursework, helping them adjust to academic expectations.
- Successfully tutored students in 4 subjects, resulting in improved academic performance and increased confidence, as reflected in higher test scores and positive student feedback.

W.E.B. DuBois Honors Program | Member

High School Outreach & Campus Advocate | [2024-Present]

- Participated in a mentorship program at JAG High School, helping prepare 20 plus students for the ACT through tutoring sessions and study strategies.
- Contributed to a campus beautification initiative by organizing and participating in a school-wide cleanup project involving 10 volunteers, improving the campus environment.
